

2021 Amendment 4. Introduction of WANDA Subcommittee

The purpose of the below proposed changes are to add the “Women’s and Obstetrics Health Association of Notre Dame Australia” (WANDA) subcommittee to MANDUS. In 2021, WANDA was trialled as a subcommittee and it was found to add benefit to the members of MANDUS. One of the key arguments for adding WANDA was that Obstetrics and Gynaecology is a popular specialty that treads the line between surgery and medicine – two career pathways covered by the subcommittees SSUNDA and SANDUS. All sections whose numbers are disrupted by this change will be updated to account for this change (i.e. section “53. Former MANDUS President” will become section “54. Former MANDUS President”).
